ADDENDUM

More information has come to light since finishing the letter and preparing the letter for mailing (with all exhibits).

Exhibit Ka-Kd is a combination of four documents printed from various sources and websites that gives evidence that the CDC (Center for Disease Control) hid information about vaccine damage in African-American male children. The first document is the one which is analyzed by Dr. Brian Hooker which is discussed in the other two documents attached (**Exhibit Kb** and **Kc**). His analysis also goes over how the information was hidden and discovered by him. (Note: The African-American race is one that is targeted by those in control of the government including all State governments and departments– those in control are Nazis/Zionists [do an online search for Operation Paperclip or see **Exhibit L**, one of thousands of sites that deal with this subject]). The fourth document, **Exhibit Kd**, is an update from Jim Stone on Vaccines and Ebola but also has vital information about nano bots that are designed to kill/maim and are injected with the vaccines that are administered in the 'normal' course of vaccinations.

Another document details how to cure Parvo (in dogs) and how that information can cure Ebola in humans. That document is **Exhibit G2**.

And now (as of March 2016) there is a movie called 'Vaxxed: From Catastrophe To Cover-Up', that goes into the CDC cover-up of the link between autism and vaccines amongst other things. You can find out information on this movie here:

http://www.vaxxedthemovie.com/

The last document that is included here (**Exhibit M**) is one from this website:
http://www.waronwethepeople.com/ubm_protest/

This site is set up by a Harvard trained doctor named Dr. Len Horowitz, and goes into details about the cover-up of vaccines and other engineered pandemics/outbreaks being deliberately created and/or used as bio-weapons.

A simple measure of how accurate all this information is, is to notice how strong the insistence is (or how much pressure is bought to bear on the both of you) in getting your child vaccinated (from those in the hospital, your Doctor, government, family, etc). The stronger the insistence/pressure the stronger the proof that the information is accurate.

Be under no illusion that vaccines are for the benefit of the child. They are definitely not. The evidence is too vast for one to say otherwise.

A couple of last thoughts…

In the Bible it says that Man was created in God's image. If that is the case then vaccines are definitely anti-God as having vaccines administered is really saying there is something wrong with us (and by inference, God).

From the Qu'ran…

Source: http://www.quranicpath.com/misconceptions/circumcision.html

"We have indeed created man in the 'best of moulds'." (Qur'an 95:4)

This means when a baby leaves the mother's womb, he or she is in the most perfect of shape down to the finest detail. Nothing needs alteration. With regards to the development of the baby, Allah *(Note: Arabic word for God)* states the following:

"Then We made the sperm into a clot of congealed blood; then of that clot We made a lump; then we made out of that lump bones and clothed the bones with flesh; then we developed out of it another creature. So blessed be Allah, the 'Best of all Creators!' " (Qur'an 23:14)

Notice that Allah states that He is the best creator - the resulting completed creation of the baby is thus in its optimal form.

In another verse, Allah states:

"The work of Allah who has 'perfected everything' (He created)." (Qur'an 27:88)

I didn't mean to get religious on you but just wanted to show you that there is so much evidence out there that lets you know that We have been created as perfect. It is Man who wants to destroy the perfection of God's work. One of the stealthiest and quickest ways to do so this is through the administration of vaccines. And no, I am not Muslim!
