

Chapter 7 - Time - Possibly the Most Important Subject! (Did Adam have a Times wrist watch to tell time?)

B) Can We Count to Three(3) - Forwards and Backwards?

"The next day John seeth Jesus(THE CHRIST) coming unto him, and saith, Behold the Lamb of God, which taketh away the sin of the world." - John 1:29.

"And ye shall keep it up until the fourteenth day of the same month..." - Exodus 12:6.

"In the fourteenth day of this month, at even, ye shall keep it in his appointed season:..." - Numbers 9:3.

:...stood a Lamb as it had been slain, ..." - Rev. 5:6.

\*\*\*\*\*

Is there anyone that does not know that THE LAMB of THE FATHER (God - useage in error) was 'required' to be slain on Passover? On the fourteenth(14) day of the first(1) month? At even? Did you read Part A, of this Chapter 7?

When reading for content, 'and be killed and be raised again the third day' occurs nine(9) X's in the bible. Matt. 16:21/17:23/20:19/27:64 - Mark 9:31/10:34 - Luke 9:22/18:33/24:7/24:46.

When reading for content, 'sign of Jonas' occurs nine(9) X's in the bible. Matt. 12:39/12:40/12:41/12:41/16:4 - Luke 11:29/11:30/11:32/11:32.

When reading for content, 'in three days' occurs seven(7) X's in the bible. Matt. 27:40/27:64 - Mark 8:31/14:58/15:29 - John 2:19/2:20/2:21.

Twenty-five(25) X's the reference to the number three(3) is pointed out to the reader which desires to study and contimplate: 'Why is this so important? Are there more than one item to be learned about three, third, and three days?

"For as Jonas was three days and three nights in the whales belly; so shall the Son of man be three days and three nights in the heart of the earth." - Matt. 12:40.

Is it not very clear that the Son of man(THE CHRIST) will be in the ground for three FULL DAYS AND NIGHTS?

"From that time forth began Jesus(THE CHRIST)...and suffer many things...and be killed, and be raised again the third day." - Matt. 16:21.

Again, with clarity, THE CHRIST is to be killed and raised on or by the third day!

"Jesus(THE CHRIST) answered the Jews and said unto them Destroy this temple(being HIS Body), and in three days I will raise it up." - John 2:19.

Okay, it is very clear now that THE CHRIST/THE LAMB of THE FATHER is to be killed and raised up in three FULL DAYS and FULL NIGHTS! Now, if you doubt this, you need to read each of the listed 25 verses on page 1. AND, even if you get this re-read the listed 25 verses so that you are able to follow further thinking about this subject.

\*\*\*\*\*

It is very clear that THE CHRIST was raised up on the first(1st) day of the week, being Sunday. ONE QUESTION to be addressed later in this Part B of Chapter 7; is who's 1st day of who's week?

There is no argument that THE CHRIST was raised on Sunday by any theological, historical, or biblical students.

"...early the first day of the week,..." - Mark 16:9.

The above partial quote is repeated in all the gospels of Matthew, Mark, Luke, and John. There is no specific time as to hour given for the resurrection without further study. However, it is clear that the first(1st) day of the week, known as Sunday, was the day of THE CHRIST's resurrection.

NOW TRY AN EXERCISE: Start at Sunday, say at noon, and count backwards one(1) day and one(1) night and one counts to Saturday at noon. Further, count backwards from Saturday at noon for one full day and night and one counts to Friday at noon. Further, count back from Friday at noon for one full day and one full night and one counts to Thursday at noon. YOU have just counted three full days and three full nights to the death of THE CHRIST.

One may want to RE-READ the above paragraph one more time. AND, then count forward three full days and three full nights to arrive at the first day of the week; known in the Pagan calendar as Sunday according to the Caininite rules and methods.

You, the reader, now have a choice: You may listen to your preachers, pontificators, leaders of profound ignorance, your deceivers, and other idiots; or you may listen and read the WORDS of THE CHRIST to assist you in your determination as to when HE was slain.

\*\*\*\*\*

SO WHY IS IT SO IMPORTANT to determine when HE was slain? Because THE FATHER's LAW requires that THE LAMB be slain on the fourteenth(14) of the first(1st) month. Did you read the entire verses listed on page 1 of this Part B, Chapter 7? THE CHRIST was and is the ultimate Passover LAMB. THE FATHER's LAW was required, in fact, to be followed exactly by THE CHRIST/THE LAMB. Are you going to attempt to make-up some limp-wristed excuse which your leader of profound ignorance has

conned you into believing? Are you afraid of going against the masses? Are you into 'going along to get along'? Are you concerned about what other people will say about you? OR, ARE YOU MORE CONCERNED ABOUT what THE CHRIST SAYS and REQUIRES? Want to think about this a little bit?

\*\*\*\*\*

So, if you can count backwards and forwards to three(3), how can one begin to imagine(fantasy) that THE CHRIST was slain on Sunday or Saturday?

Did I go too fast? Remember, Passover is on the fourteenth(14th) of the first(1st) month. 14 is a multiple of 7. 14 divided by 2 equals 7. Seven days earlier would have been Thursday as we, in error, call that day. Seven(7) days after the 1st day of the year would have been the seventh(7th) appointed day which, in error, is called the Sabbath.

WHY DO PEOPLE USE Sunday or SATURDAY as the 7th appointed day? Because those individuals use one of the two caininite methods to determine the incorrect 7th appointed day!!!!!!!!!!!!!!!!!!!!!!!!!!!!!!!!!!!!

\*\*\*\*\*

"This month shall be unto you the beginning of months: it shall be unto you the first month of the year." - Exodus 12:2.

"...In the tenth day of this month they shall take to them every man a lamb..." - Exodus 12:3.

"And ye shall keep it up until the fourteenth day of the same month..." - Exodus 12:6.

In simplicity, the lamb must be brought in on the tenth(10) day of the first(1) month. THE CHRIST was and is THE LAMB of THE FATHER! HE was required to be brought in on the tenth(10)!

There is no arguement from any side that THE CHRIST did not come into Jerusalem on Palm Sunday; again a pagan 1st day of the week.

AN EXERCISE: Sunday at noon till Monday at noon for one day;  
Monday at noon till Tuesday at noon for two days;  
Tuesday at noon till Wednesday at noon for three days;  
Wednesday at noon till Thursday at noon for four days.

It is simple: Sun. was 10th day, Mon. was 11th day, Tues. was the 12th day, Wed. was the 13th day, and Thurs. was the 14th day. - 10,11,12,13,14. Exactly according to THE FATHER's LAW: THE LAMB is slain.

Now, This particular Sunday was the tenth(10th) so subtract 7 full days and one arrives at the number three(3). The pagan day(name) Sunday is the third(3rd) day of the week in THE FATHER's CALENDAR!

Remember, how on page 1, of this paper, THE CHRIST says many times he will rise on the third(3rd) day. HE just let you have to have the desire to figure out how and what the third(3rd) day was in HIS

METHOD OF COUNTING. Is it now possible in each of your minds to believe that 'the bad guys' would have a different system of time keeping than 'the good guys'?

Would anybody care to read the Book of Enoch about the calendar of THE FATHER?

\*\*\*\*\*

Saturn's Day / Dies Saturnie / Saturday

"And Jeroboam ordained a feast in the eighth month, on the fifteenth day of the month,...and he offered upon the altar... and he placed in Bethel the priests of the high places which he had made." - I Kings 12:32.

"...even in the month which he had devised of his own heart; and ordained a feast unto the children of Israel: and he offered upon the altar, and burnt incense." - I Kings 12:33.

This occurred at approximately 974-973 B.C.. Even the casual reader of the bible knows that THE LORD's Feast, the third one of the year, is in the seventh(7th) month. The seventh month in pagan terms is September. The eight month(pagan term) is October. This feast which Jeroboam instituted(copied from others) is the current pagan feast of October Fest in modern society.

So what's the big deal? Well, if one researchs this time frame in history, 974 B.C., you will find that Jeroboam also instituted an eight(8) day week, a 10 month year, with some 354 days in a year.

During this time frame in history, Dies Saturnie was the first(1st) day of the week for the caininites. The caininite calendar was given preference over THE LORD's Calendar; at this time. At 444 B.C. Nehemiah re-instituted THE LORD's Calendar, very limited, to the individuals under his care. However, the entire world stayed on this calendar(agreeably, depending on which research source referenced) until 325 B.C.. Others place the end of the eight day week at about 225 B.C..

THE POINT IS that at the end of the eight day week of the caininites which was ended because of the massive confusion to keeping time; Dies Saturnie became the seventh(7th) day of the caininite week. This research is available to any individual which desires to learn, learn, & learn.

Saturday(Saturday) was re-set in individuals minds as being the proper seventh(7th) day of the week by Ellen G. White. Did you ever look up her middle name to discover that it was Gould - of Jay Gould, of Jay Gould financing for her and her three other spreaders of caininte doctrine? Did you ever research the infamous Jay Gould and his sadistic tendencies, his financial (bond) scandals, his connection to the Rothschilds, etc., etc.? Ellen G. White and her accomplices were financed by the Rothchild money.

If anyone somewhat prior to 100 years before the end of the civil war in this country would have put forth that the proper seventh (7th) day of the week was Saturday, that individual would have been tarred and feathered (which was usually fatal). However, in the mid 1800's this country was in deep chaos. This is the time which the Cainites spring to action to further deceive the masses or at least as many who are willing to be led to the slaughter.

Saturn's Day / Dies Saturnie / Saturday always was and will be the 'holy' day of the Cainites. And those which can not count to '3'!

\*\*\*\*\*

WANT TO HAVE some more historical information about being able to count to 3? Go to the history of the Roman Catholic Church (Universal Pagan Catholic Church - U.P.C.C.): look up Good Friday: look at the switching from 'Good Thursday' to Good Friday: look at the hundreds (one source I found had 1800) of 'pissing mad' letters at the Pope (whore of Rome) for the switch. Generally, the letters state, 'The world has known that for centuries and centuries that THE CHRIST was slain on Thursday. You, the pope, are changing history to deceive the world'!

WANT TO CHEW on that just a bit? Want to do some homework? Or do you just want to 'go along to get along'? After all it is only your eternal life to the positive or negative which we are talking about in due course!

\*\*\*\*\*

"Bring no more vain oblations...the new moons and sabbaths, ... even the solemn meeting. Your new moons and your appointed feasts my soul hateth: They are a trouble to me; I am weary to bear them. And when ye spread forth your hands, I will hide mine eyes: yea, when ye make many prayers, I will not hear: your hands are full of blood. Wash you, make you clean; put away the evil of your doings from before mine eyes; cease to do evil." -  
Isaiah 1:13,14,15, & 16. THIS is THE LORD speaking to you!

Do you see 'vain' as in vanity in the above? Do you see 'your'? Do you see 'They'? This is talking about the incorrect appointed times such as the 7th appointed day, the 1st day of the months, the 4 appointed feasts, and the 3 days of appointed atonement. The correct ones of THE LORD are required!

Your failure to get this section will get you into great big 'do-do'!

"For by fire and by his sword will THE LORD plead with all flesh: and the slain of THE LORD shall be many. They that sanctify themselves in the gardens behind one tree in the midst,..." - Isaiah 66:16 & part of 17.

The sanctifying with one tree is the reference to pagan appointed times. All pagan appointed times. One actually has to think a little bit to get this. Or else you get a chance to experience the word, 'slain'. Actually, go back to Chapter One(1) of Isaiah and the parts listed just above. And, try to think a little more.

THE Supper or 'The Lake of Fire' - choose ye this day!

So, how does one get from 'one tree in the gardens in the midst' to the pagan holidays and pagan 7th day of the week. 'Gardens' refers to your homes: 'midst' is in the middle': can you not guess about 'one tree'. How about reading Jeremiah Chap 10 verses 2-5? Can you now 'see' a christmas tree? Do you 'see' who is doing these things in Jeremiah?

THE individuals which do not actually pull-out their books and read will not get most of this offering(course). Those individuals will use the excuse, 'it is just too much work'. "Why won't someone just give me a silver bullet so that I can solve my problem with no effort"!

\*\*\*\*\*

One of the most amazing things which this author has experienced in the last 18 years is the rational of many individuals which 'justify' their methods of time keeping by the following:

'The 1st day of the year is not the same day as the 1st day of the week which is not the 1st day of the 1st month'! I actually have heard this many dozens of times. And, each time I wonder how 'those individuals' can even manage to take air into their lungs, much less claim to have a brain.

"And it came to pass at the end of the year,..." - 2 Chr. 24:23.

If one is able to learn the end of the year, then, thusly, one would be able to learn the 1st day of the year. Does that seem logical?

"At that period the night becomes shortened. It is nine parts. And the night is equal with the day. The year is precisely three jundred and sixty-four days." - Enoch 71:41

"The sun has thus completed its beginnings and a second time goes round from these beginnings." - Enoch 71:42.

Equal day and Equal night is equinox; historically, <sup>THE DAY AFTER</sup> the spring equinox was the 1st day of the year. This was true for thousands of years. Unless, one was using the caininite, Hebrew/Chaldee/Jewish calendar which uses the moon and other wizard methods.

However, in our 'enlightened' and 'arrogant' society of today, we 'know' that there are 365½ days in the year. SO, FOR HOW MANY years and years and years, have we known that there are 365½ days in a year???

In 1525, Pope Gregory issued the order to change time. Various popes had changed 'time' at least four(4) x's in the past. Those changes were to the Julian(Julius Caesar) and retro-active. Centuries after the actual time had occurred, the pope went into history and 'switched' the calendar to 'fit' the new Julian calendar. Thusly, Gregory was compelled by a centuries old plan to institute the final 'calendar' to deceive mankind.

The Gregorian Calendar was man-dated in 1525 to begin world-wide in 1775. THIS is when our 'enlightened' calendar of today began for the world. THIS is when 'we' became knowledgeable that there were 365½ days in a year. The colonists in America were switched to this new time at Pres. George Washington's birthday. Washington is the only

president to have a birthday on the same day, on the same month, and IN TWO DIFFERENT YEARS. You may easily verify this historical fact. As a matter of fact, if you do not do this simple verification, you probably will not be on 'solid' ground.

And, further if you do not research the Papal Bull of 1525 to learn of the 'time' subtraction, multiple, which occurred(were ordered) to confuse time in the later days, you will have WASTED a great opportunity to learn.

\*\*\*\*\*

When individuals 'fail' to follow a most basic law, those individuals get into 'serious' trouble.

"Six days shalt thou labor, and do thy work: But the seventh day is the sabbath(7th appointed day) of THE LORD thy God." - Exodus 20:9&10.

$6 + 1 = 7$ . 7 divided into  $365\frac{1}{2}$  equals 52 weeks and  $1\frac{1}{2}$  days. Do you actually believe that THE FATHER in Heaven could not and did not divide HIS Year into a 'correct multiple' of 7?

7 divided into 364 equals exactly 52 weeks. Is this very hard to understand? Does not this division and conversely multiplication comply with Exodus 20:9&10? Would this allow for the 1st day of the year to be the same as the first day of the first week and the 1st day of the 1st month? Is this easy?

'Confusion' is what Satan and his deceivers bring to the world to make sure that the 'slaughter' is full and ripe! Confusion is having  $365\frac{1}{2}$  days in a year. Enjoying the  $365\frac{1}{2}$  days in a year is enjoying the Whore of Babylon's orders.

"...Come out of her(Babylon), my people, that ye be not partakers of her sins, and that ye receive not of her plagues." - Rev. 18:4.

THE Lake of Fire is 'hot' and not such a good deal. The supper of THE LORD is bountiful. The choice is yours!
